National Stormwater Center

Promoting and Advocating Clean Water Act Compliance

Certified Stormwater Inspector Classes

Certified Stormwater Inspector - Municipal Harrisburg, PA: May 7-8, 2018

Designed specifically for MS4 personnel, this course focuses on stormwater permit compliance as the key to restore and maintain the waters of the United States. Testing will be conducted. Students are expected to achieve a minimum overall score of 75% to be awarded 1.2 CEUs (Continuing Education Units) from National Stormwater Center, and a five (5) year CSI™ Inspector Certificate. This certification indicates that the services are being performed by professionals who have completed the stormwater inspector certification requirements and have met established standards of knowledge, experience, and competence required in the field of stormwater inspections.

Certified Stormwater Inspector - Municipal is appropriate for MS4 stormwater personnel

including:

Public Works

Code Enforcement Officials

Building Code Inspectors

Floodplain and Watershed Personnel

FOG Inspectors (fats, oils, greases)

Consultants to MS4s

Also, appropriate for: Industry and Construction Inspectors.

The instructor for your training will be Paul Davis, P.E.

Paul retired from TDEC after 38 years of service, including 24 years as Director of Water Pollution Control. Paul is a dedicated environmentalist who understands the complexities of stormwater permitting and permit enforcement. Paul is a licensed engineer with a BS in Engineering Science and a MS in Water Resources.
