

PA On Track

**APA/PA Chapter Annual Conference
October 21, 2019**

" **Make no little plans**; they have no magic to stir men's blood... Make big plans; aim high in hope and work, remembering that a noble, logical diagram once recorded will never die, but long after we are gone be a living thing, asserting itself with ever-growing insistency. Remember that our sons and our grandsons are going to do things that would stagger us."

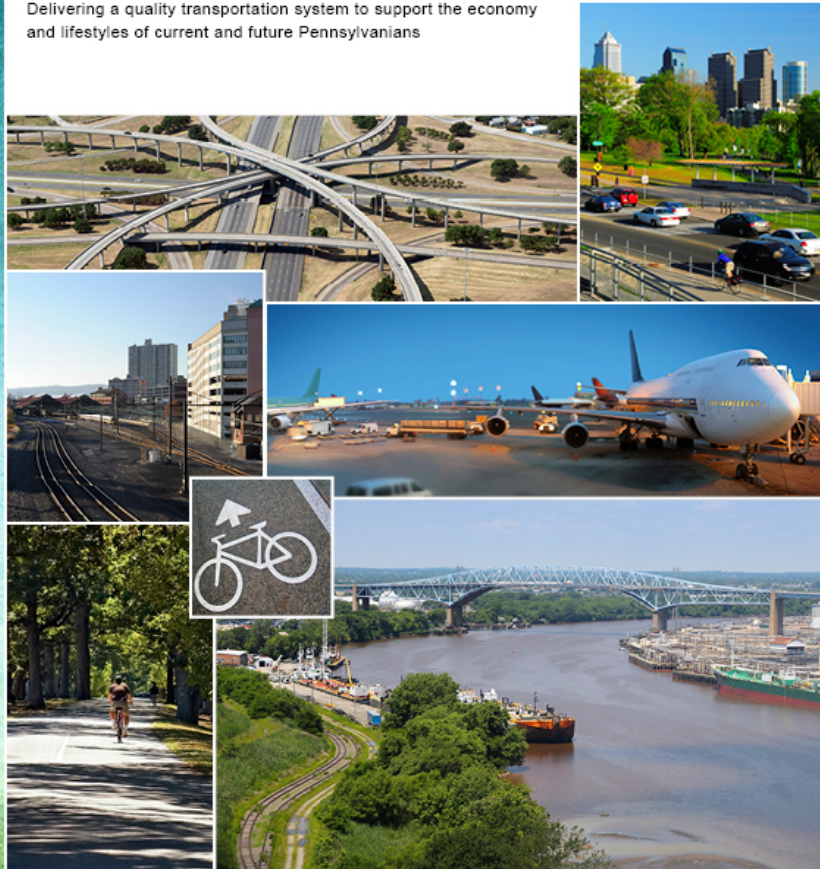

➤ Where have we been?

PA ON TRACK

LONG RANGE TRANSPORTATION COMPREHENSIVE FREIGHT MOVEMENT PLAN

Delivering a quality transportation system to support the economy and lifestyles of current and future Pennsylvanians

➤ PA On Track Objectives

- Establish a feasible, long-term direction for Pennsylvania transportation that informs near-term state and regional investments
- Develop outcome-focused planning process with meaningful stakeholder and public engagement
- Establish linkages between the LRTP, freight plan, and regional LRTPs
- Build upon Secretary Richards' PennDOT Connects policy/priority initiative including the active involvement of District Planners and District leadership

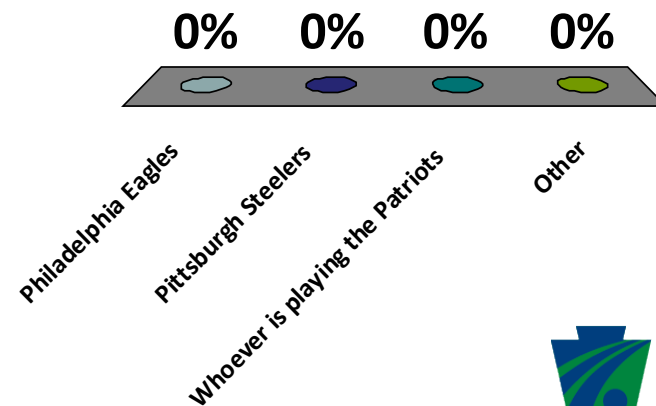

Primary Planning Tasks

- Integrate PA On Track with the Biennial STC 12-Year Program Process
- Update Pennsylvania's multimodal transportation profile
- Incorporate Transportation Performance Measures
- Develop a Statewide Freight Atlas - <https://www.dvrpc.org/webmaps/phillyfreightfinder/>
- Convene a statewide freight summit
- Assist in plan implementation

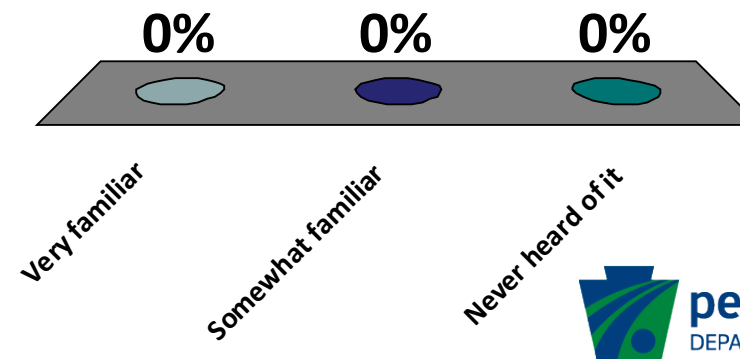

➤ What is your favorite football team?

- A. Philadelphia Eagles
- B. Pittsburgh Steelers
- C. Whoever is playing the Patriots
- D. Other

➤ How familiar are you with PA On Track?

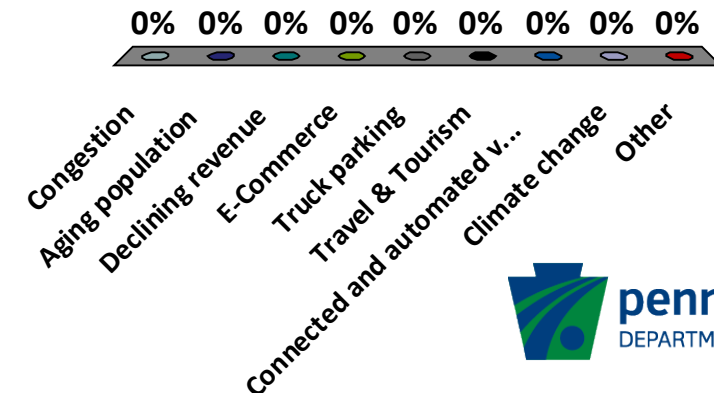

- A. Very familiar
- B. Somewhat familiar
- C. Never heard of it

➤ What are the top forces affecting PA transportation?

(pick up to 3)

- A. Congestion
- B. Aging population
- C. Declining revenue
- D. E-Commerce
- E. Truck parking
- F. Travel & Tourism
- G. Connected and automated vehicle technology
- H. Climate change
- I. Other

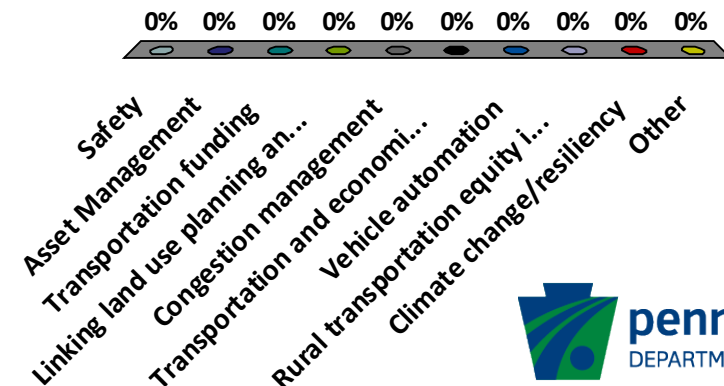

➤ PA On Track's Strategic Directions

- Safety
- System Preservation
- Stewardship
- Personal and Freight Mobility

➤ What are the top issues PA On Track needs to address?

- A. Safety
 - B. Asset Management
 - C. Transportation funding
 - D. Linking land use planning and transportation planning
 - E. Congestion management
 - F. Transportation and economic development
 - G. Vehicle automation
 - H. Rural transportation equity initiative
 - I. Climate change/resiliency
 - J. Other
- (pick up to 3)
