WHAT TO EXPECT

Join other planners and colleagues in learning the latest news about technologies that have planning implications.

In a time of ever-changing technologies, it is important that planners keep current with the new and innovative advances that will affect all aspects of planning in the future, for both rural and urban communities.

The morning session of this workshop will focus on the topic of broadband deployment in rural Pennsylvania.

In the afternoon session, the focus will be on smart technologies. Specifically, the presenters will provide updates on smart cities and autonomous vehicles.

*What is Planning in the Fast Lane?
Ever wonder what other Planners in your region are working on?
Through this brief, interactive group exercise you will learn what is happening in the region's planning world and who knows, maybe make some new connections!*
