L273: MANAGING FLOODPLAIN DEVELOPMENT THROUGH THE NATIONAL FLOOD INSURANCE PROGRAM

This course is typically offered only a few times each year at FEMA's Emergency Management Institute in Emmitsburg, MD. FEMA Region III staff will be conducting the in-depth, four day training course in **Cumberland County on July 20-23, 2015** – don't miss this opportunity! This course is designed to provide an organized training opportunity for local officials responsible for administering their local floodplain management ordinance. The course will focus on the NFIP and concepts of floodplain management, maps and studies, ordinance administration, and the relationship between floodplain management and flood insurance. Hands-on exercises are included to allow participants to better apply the information in their communities. Local officials responsible for administering local floodplain management ordinances, including but not limited to floodplain management administrators, building inspectors, code enforcement/zoning officers, planners, city/county managers, attorneys, engineers, and public works officials. Federal/state/regional floodplain managers also are encouraged to attend. The course is designed for those officials with limited floodplain management experience. This course is excellent preparation for the Certified Floodplain Manager Exam.

CFM Examination

The CFM exam will be proctored on Friday, July 24, 2015, immediately following the deployment of the L-273 course in Enola, PA. The exam will be "closed book" and will be held in a proctored classroom environment. The examination will be pass/fail and the results will be held in strict confidence. There is a mandatory 70% pass rule to become a CFM. The exam will start promptly at 9:00 am and three hours will be allotted for the exam. Those taking the CFM exam must pre-register. Those approved to take the exam will be notified prior to the exam date. Walk-ins will not be permitted; all exam takers must be on the approved list, having submitted the appropriate application and fees in advance. **To obtain a copy of the Application Package to take this exam [which includes a Registration Form] along with other details, please visit www.floods.org and submit the completed package and fees as indicated on the form or website.**

Monday, July 20 – Thursday, July 23, 2015

The course is four consecutive days. To obtain credit and receive a certificate of completion, attendees will be expected to be present for the entire four days.
