

Zoning Beyond the Basics: New Thinking to Modernize Your Ordinance

Summary:

It's time to modernize your zoning ordinance if:

- It favors single-use zones;
- It has regulations lacking purpose;
- It is an obstacle to the development you want;
- It was last updated when the #1 song was by Celine Dion or the Bee Gees!

Zoning Beyond the Basics will introduce municipal officials to modern zoning concepts: mixed use, form-based, TND, overlays, historic preservation, urban ag, and zoning for the new economy. It will provide help with common concerns that arise and the process for updating a zoning ordinance.

Presenters:

Denny Puko, Planner
Department of Community & Economic Development (DCED)

Andrew JG Schwartz, AICP CUD, Managing Principal
Environmental Planning & Design, LLC (EPD)

Additional Details:

Refreshments will be provided.
