

Green \$aves Green Workshop

Find out how to address stormwater (and save money!) by working WITH nature!

Learn from land planners, engineers, and municipal officials about successful case studies that improved the environmental sustainability of their community while saving money with GREEN stormwater infrastructure.

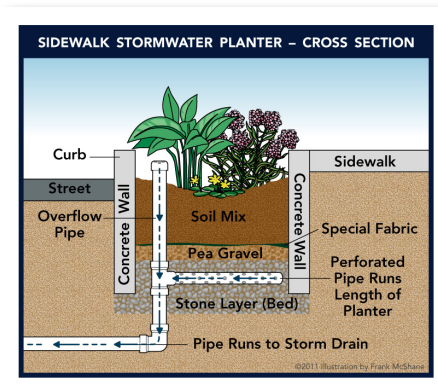

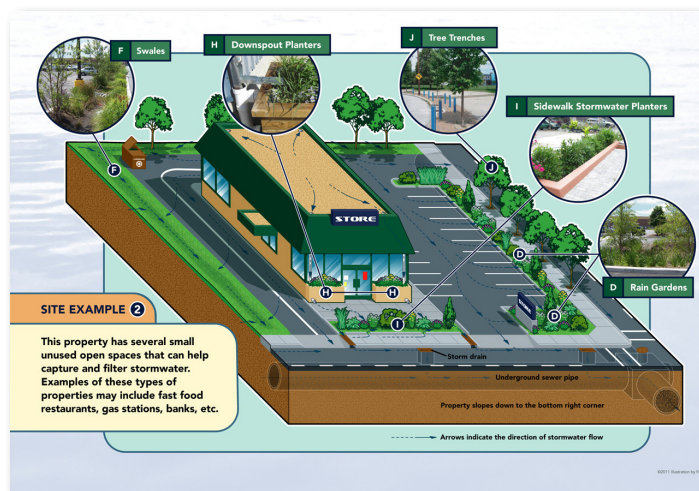

WHO: anyone can attend!

(Designed for municipal officials, land planners, engineers, landscape architects, developers, and community residents).

WHEN: Wednesday, March 30th
8:30am-1:30pm

WHERE: Franklin Commons
400 Franklin Avenue,
Phoenixville, PA 19460

COST: \$20 (includes lunch)

REGISTER NOW at green-saves-green-workshop.eventbrite.com

Registration deadline is March 25th.
